## Job Description

---

Are you looking for Financial Accounting jobs in Mumbai in a global logistics company? FedEx is hiring a Financial Accountant – Cash Management professional to join our growing Finance & Accounting team. If you have strong experience in BPO shared services, reconciliation, and cash flow analysis—this is your opportunity to work with a global leader while building a career in high-impact financial operations.

### About FedEx:

FedEx is a global leader in logistics, supply chain, and express transportation services. With over 500,000+ team members worldwide, we connect people and possibilities around the globe. At FedEx, we value innovation, inclusion, and operational excellence—and we provide our people with the tools, freedom, and growth opportunities they need to build lifelong careers.

### Job Description for Financial Accountant – Cash Management:

**Location:** Mumbai (Andheri East)

**Experience Required:** 3–5 Years (BPO/Shared Services Preferred)

**Company:** FedEx Express / FedEx India

**Employment Type:** Full-Time, Permanent

**Industry:** Logistics / Courier / Freight

**Education:** CA (Preferred) / MBA / Postgraduate in Accounting or Finance

This is a core accounting role focused on **cash management**, reconciliation, analysis, and process improvement. The role requires close collaboration with internal teams, BPOs, and external auditors. You will be directly responsible for monitoring and resolving open items in the **cash management balance sheet**, driving compliance, and proposing improvements to accounting workflows.

### Key Responsibilities:

- Monitor and reconcile **Cash Management Balance Sheet** accounts; clear open items in a timely manner.
- Perform **financial analysis**, identify trends, and suggest process improvements.
- Collaborate with stakeholders (internal departments, BPO teams, and auditors) to resolve financial discrepancies.
- Maintain compliance with audit standards; prepare detailed documentation and trails.
- Identify accounting gaps and propose solutions to enhance operational efficiency.
- Provide guidance to BPO teams on accounting processes and quality expectations.
- Ensure proper documentation and accuracy in **cash flow, accruals, and tax accounting**.
- Drive automation using tools like **Excel Macros, Power BI, Alteryx**, and improve reporting accuracy.

### Candidate Requirements:

- **CA / MBA / Postgraduate** in Finance or Accounting.
- 3–5 years of **experience in BPO/shared services** environment.
- Expertise in **Accounts Payable, Reconciliations, GST, TDS**, and balance sheet analysis.
- Advanced skills in **Excel (VLOOKUP, Pivot Tables, Power Query, VBA)**.
- Working knowledge of ERP systems: **SAP, Oracle, or Workday Payroll**.
- Strong technical and analytical mindset with attention to detail.
- Familiarity with **Power BI** and **automation tools** (Alteryx, SQL, RPA) preferred.
- Excellent communication and **stakeholder management** skills.
- Proactive attitude with the ability to lead or support process improvements.

### Why Join FedEx?

- Work in a **global brand** known for excellence and innovation.
- Grow in a **finance role that offers responsibility and visibility**.
- Be a part of a team that values growth, flexibility, and accountability.
- Access learning, development, and leadership opportunities in a dynamic work culture.

### How to Apply:

To apply for the **Financial Accountant – Cash Management** position at **FedEx**, you can:

- Visit the official [FedEx Careers](#) page, or
- Apply through the [JobRath portal](#) by registering and submitting your application.
